SUMMARY

I'm interested in front-end development and data science. I'm currently earning my technique degree with coursework focused on data analytics and programming. I believe I can contribute my knowledge in this role as an intern while preparing for my future career goal of working as a developer.

EDUCATION

Data Science

University of Science, Vietnam National University Ho Chi Minh City
10/2020 – present

CERTIFICATE

Google Cloud Skills Boost
Google Data Analytics Specialization
Google IT Support Certificate

SKILLS

C/C++	● ● ● ● ●
Python	● ● ● ● ●
SQL	● ● ● ● ●
HTML/CSS	● ● ● ● ●

PERSONAL PROJECT

Course Project: OpenCV

3/2022

- Description: Introduction to OpenCV, test features like Face Recognition, Object Detection,...
- Technologies: Python

Course Project: Credit Card Fraud Detection

6/2022

- Description: The dataset contains transactions made by credit cards by European cardholders. It is important that credit card companies are able to recognize fraudulent credit card transactions so that customers are not charged for items that they did not purchase.
- Technologies: Python

Course Project: SFML Graphics

6/2022

- Description: Write an application program that allows you to create two in list of shapes. Notice to know if two shapes intersect, draw a sign cross inside of the intersection. User can press the arrow keys to move either shape, key +, -, to zoom in or out of either picture.
- Technologies: SFML/C++
